

Be an AYSO Volunteer

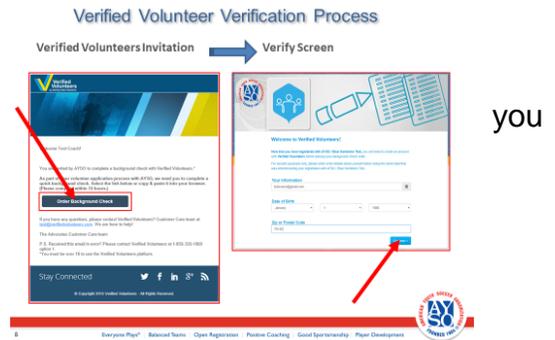

Step 1 of volunteer application

You need to be a primary or additional account holder (user) on your family's account.

- This can be done when creating the account or added later (My Account screen, Edit Account info)
- If you're being added as an additional account holder, you'll receive an email inviting you to the account. You'll then be prompted to create your own Username and Password.

Step 2 of volunteer application

- Click on the Volunteer tab on the My Account menu.
- Click Find Volunteer Roles. If you don't see any roles, click on the Show More button. This will allow you to choose a program followed by available volunteer roles.
- Select your role and fill out the required forms.

Completing these two steps will generate an E-invite from Sterling Volunteers or Verified Volunteers with a link to begin the screening process. The E-invite will be from "The Advocates", a customer care team.

Click on "Order Background Check" and fill in the information, then Continue. This will verify that you are a registered AYSO volunteer.

Step 1 of screening process
